

## Session Twelve

# What is God Saying to You?

Form groups of 4 to 6 people.

Appoint a Leader and use the following questions for your group discussion.

1. Ask: ***“What has stressed you out in ministry? What needs to change for things to be better?”***
2. Ask: ***“What new insights from this training are you thankful for?”***
3. Say: ***“Review the Elements of the Process needed to have a Spontaneous Disciple Making ministry.” (Find them on Page 5)***
4. ***Ask someone to describe the Elements of the Process in their own words, as though they were explaining them to a friend who wasn’t here.***
5. Ask the group: ***“Do you agree with that description? Is there anything they left out that they shouldn’t have?”***
6. Ask: ***“What did this Spontaneous Disciple Making workshop teach us about God and His plan?”***
7. Ask: ***“What did this workshop teach us about our church and community?”***
8. Ask: ***“If we believe these new insights we learned in this training are from God, how must we change?”***
9. Ask: ***“Who are you going to share this Spontaneous Disciple Making Process with?” (Consider those on your Prayer Calendar – Pastors consider sharing with your church leaders and other Pastors)***

***Note: This Spontaneous Disciple Making Process has been designed to be simple to pass on to other people. As you share this strategy with your friends and they are interested you could invite them to attend the next DCI Training Workshop, but even better would be to have them gather a group of other interested people (Just like with the Discovery Group Strategy) and share this training with them by reading through this workbook together and help them implement the elements of the process in their church and community.***

***Dynamic Churches International is available to help you begin this process and also to train other people. (See Request form on page 47)***
